The Perils of Recycled Annuities

Moderator: Susan Clark

Speakers: Peter Vodola, Steve Harris & John Darer

Have you ever lost a case to cash and wondered why? Or had an attorney or claimant asked about matching unrealistic rates of return? Well, you may have unknowingly encountered a recycled annuity posing as a structured settlement. NSSTA members should be prepared to clearly distinguish between recycled annuities and structured settlements. This panel will address the current developments in the factoring market—both secondary and tertiary, how to identify a recycled annuity and how to dispel confusion about how a recycled annuity differs from a structured settlement.

2:30 p.m. – 3:15 p.m.

Implications of Settling Claimant's Bankruptcy for Negotiating and Administering Structured Settlements

Speaker: Craig Ulman

The bankruptcy of a settling claimant after he or she has been injured can profoundly affect any settlement and the disposition of settlement proceeds, because an injury claim that is unresolved at the time of the bankruptcy, and the proceeds of a claim that has been settled prior to the bankruptcy, automatically become property of the bankruptcy estate and cease to belong to the claimant. In some circumstances a claim arising from an injury occurring after the claimant's bankruptcy also can become bankruptcy estate property. NSSTA counsel Craig Ulman of Hogan Lovells US LLP will explain the applicable bankruptcy law provisions and their implications for claimants, attorneys, settlement consultants, insureds and insurers.

3:15 p.m. – 3:30 p.m.

Break

3:30 p.m. – 4:30 p.m.

Challenges and Opportunities with Liability MSA

Moderator: Michael Goodman

Speakers: Jim Early, John Cattie

This panel will discuss the challenges and opportunities that are presented by liability Medicare Set-Asides. There has been a lot of speculation that CMS will be providing more clarification about how to protect Medicare's future interest on a liability case. What are the challenges for each of our stakeholders: the defense, the plaintiff, and the plaintiff attorney? This panel will look at LMSA's from every angle both now and in the future.

5:00 p.m. – 7:00 p.m.

NSSTA President's Reception

Thursday, April 4, 2019

- 8:00 a.m. – 9:00 a.m. **Structured Settlement Industry Ethics**
Speaker: Jim Early
In the structured settlement industry today, ethical behavior is more important than ever and gives us our strength in a challenging environment. Ethical standards set the tone of the culture that we work in and determine how well all parties; and particularly brokers, work together to help injury victims and their families. Join this session and practical exercises presented by Jim Early, Immediate Past President of the National Structured Settlement Association.
- 9:00 a.m. – 9:30 a.m. **Keynote Speaker: Ted Kennedy, Jr.**
You recognize him from the legacy of his last name - a name he once said, *'isn't always easy to live with.'* Ted Kennedy, Jr. is a partner at the firm of Epstein Becker Green in the Healthcare and Life Sciences Practice and an active leader in the movement to expand opportunities for persons with disabilities. He was elected AAPD Chair in 2017 and has served on the corporate boards of the country's most innovative health care organizations. From 2015 to 2019, Mr. Kennedy served as a State Senator in Connecticut, authoring more than 70 new laws expanding disability rights, home and community-based care, mental health parity implementation, and access to treatment for individuals with substance use disorders. He is the son of the late U.S. Senator, Ted Kennedy, Sr. and Joan Kennedy. And as a pediatric bone cancer survivor and amputee, Kennedy's story and life's work, dedicated to social reform and equal rights for disabled people is inspiring.
- 9:30 a.m. – 10:30 a.m. **The Benefit of Benefits**
Speakers: Ryan Garrison, Ann Koerner and Roger Bernstein
Analysis of the Value of Benefits specific to a Litigation Life Care Plan, Understanding the client's "real" vision for quality of life – beyond the litigation life care plan, Using a Medicare Set Aside analysis to support damages.
